

BRING YOUR OUTDOORS INSIDE

THE ZIPTRAK® TRACK-GUIDED BLIND SYSTEM IS THE IDEAL SOLUTION FOR VERTICAL SCREENING OF YOUR PATIO OR VERANDA AT YOUR HOME, SCHOOL OR BUSINESS.

DOUGLAS
OUTDOOR & TEXTILE INNOVATION

The Ziptrak® track-guided blind system is the ideal solution for vertical screening of your patio or veranda at your home, school or business:

- Year round protection and privacy – ideal for New Zealand's variable weather
- Unobtrusive when up, aesthetically pleasing when down
- Custom made to blend into your environment – classical or modern
- Beautiful, patented design – winner of multiple OFPANZ Awards
- Simple, quick exit in emergencies.

SIMPLE TO OPERATE

Specialised spring-loaded roller and specially designed aluminium side channels allow the screen to glide easily up or down, staying in any position you choose – with a remote controlled, motorised option available.

- No gaps or draughts
- No zips, buckles or straps
- No bulky tracks or grinding handles
- Now up to 6 metres wide
- No hassle – just trouble free satisfaction!

CUSTOM-MADE

Ziptrak® blind systems are made in your choice of fabric to achieve your desired look or shelter objective:

- Aluminium components coloured to match your décor
- Part or fully enclosed pelmets available
- Clear PVC to retain the view but keep out wind and rain
- Mesh for cooling and shade while retaining attractive silhouette views
- Acrylic canvas for full privacy or colourful impact
- Any combination is possible
