Love your lifestyle
all year round

Let the team at NZ Louvres join you on your journey
to expand your living area in style and sophistication.

Proudly Made in
New Zealand 

Love your lifestyle all year around

The crisp clean lines of NZ Louvres will transform your home into a visual symphony. The height of style and sophistication for your home.

NZ Louvres will custom build to your requirements and our team make it easy to select the solution that best fits your lifestyle.

Rest in the knowledge that your outdoor solution will be the perfect fit.

Our commitment to provide only the best in design and quality means our products are built to last. State of the art design, with tailored automation and rain sensors mean your outdoor entertaining will not be limited by the conditions outside. No need to worry about harmful UV rays or annoying showers.

NZ Louvres also provide effective management of your inside environment too. Reducing heat in the summer

when it's too hot and maximising light and warmth in the winter. No more compromises.

Our products are designed using premium materials and components. When buying NZ Louvres, you can be assured you have made a decision that is best for your home, friends, family, and the environment. All that is left to do, is to love your lifestyle.

Bringing you the latest in automation

Maximise your outdoor living, all year round with NZ Louvres state of the art automation. Remote controls and rain sensors are standard so you can enjoy automation without having to pay a premium for it. However, if it's a manual system you are after, we can take care of that too.

Featuring built in rain sensors automatically closing the roofing system.

Ziptrak premium outdoor blinds

NZ Louvres are proud to carry the Ziptrak outdoor blind range. The Ziptrak blind system is an ideal solution for privacy and additional protection from wind and rain.

Ziptrak premium blinds feature a spline down each side of the fabric which runs in a specially designed track system, ensuring a beautiful clean tight finish and optimum performance year-round.

Ziptrak blinds are available manually operated as standard or motorised with options for a wall mounted switch and/or remote controls.

Enhancing outdoor spaces

Our louvre systems aren't just for your roof. Our louvre systems can be applied to fixed louvre panels, operable louvre panels, window louvres, chimney cowl, gates, fencing, and privacy screens.

What's not to love?

Proudly New Zealand owned and operated, NZ Louvres are a team dedicated to providing you with the very best.

From the start we have been committed to ensuring that we never compromise on quality. We ensure the best componentry, innovation in design and do our best for the environment we love.

Integrated Design

NZ Louvres opening roof systems are a fully integrated design. We don't use standard off the shelf alloy composition or extrusions. Each component including our structural beams are our own specific designs milled to our specifications using high tensile T6 structural grade aluminium ensuring maximum strength and durability concealing high spec European designed motors inside the beams and creating crisp clean lines and a beautiful finish.

Looking out for our environment

We take pride in our responsibility to the environment. At NZ Louvres we ensure we are as sustainable as possible. NZ Louvres source the very best suppliers, whilst delivering a finished product that is environmentally responsible.

Manufactured in New Zealand to the highest standard

Proudly New Zealand owned and operated, NZ Louvres premium quality

louvres are expertly designed and crafted for New Zealand's outdoor environment with durable and quality materials you can count on.

NZ Louvres provide you with the freedom to expand your living and entertaining area while offering protection from all the weather elements. Seek cool refuge from the sun in summer, or embrace the winter

from the cosy retreat of your outdoor area.

The team at NZ Louvres is dedicated to providing you with an exceptional lifestyle experience. Being New Zealand owned and operated you can rest assure that all our products are made to the highest possible standard.
