COMMERCIAL QUALITY

The Monaco combines stunning modern design with strength and durability. The design of the Monaco is based on over 20 years of experience gained while designing, engineering and exporting premium quality outdoor umbrellas to hotels and commercial projects worldwide.

PRINTING & BRANDING

We can easily screen print your business logos and artwork onto your umbrella. Our superior printing techniques and technology provides deep and rich looking colours and accurate colour matching to your brand. We also use the best quality inks to ensure the logos last the longest possible amount of time with minimal colour loss and fading.

FEATURES

The Monaco umbrella features a 20 micron marine grade anodised aluminium mast and arms. The umbrella is opened and closed using a high quality rope and pin system that uses heavy duty stainless steel pulleys that are made for commercial use and coastal environments.

INSTALLATION OPTIONS

You can either use your umbrella with a freestanding base, or alternatively, you can install it using one of our removeable spigot or in-ground fitting systems. The base plate is bolted down to a timber deck or a concrete patio and the removable spigot is then fixed to the base plate. You can also install two or more installation fittings to give you multiple umbrella locations for different seasons or events.

CANOPY FABRIC

EUROPEAN MADE, 100% SOLUTION-DYED, ACRYLIC CANVAS.

Our premium marine-grade fabric comes with a 10 year warranty and has the best available colour fastness rating of 7-8 out of 8*. It also has the highest possible rating of UPF 80, cutting out the maximum amount of harmful UV light for excellent sun protection.

*Colours with red colour pigmentation (red, orange, yellow etc) will have lower colour fastness than other colours and will show some fading earlier.
